### **DETAILED ACTION**

Claims 1, 3 and 7 have been amended. Claims 10-12 have been added. Claims 1, 3, 7 and 9-12 are pending and under consideration.

Sections of Title 35, U.S. Code, not found in this action can be found in a prior action.

The rejection of claims 1 and 3 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement is maintained for reasons of record. The claims contain subject matter which was not described in the specification in such a way as to reasonably convey to one of skilled in the relevant art that the inventor, at the time the application was filed, has possession of the claimed invention.

The claims have been amended to delete reference to CD4 and recite the limitation of “maintaining the ability to bind the MHC II molecules which maintain the ability to bind the MHC II molecules which bind LAG-3”. Applicant argues that a representative number of LAG-3 derivative which maintain the ability to bind to the MHC II molecules which bind to LAG-3 are set forth on pages 5-6 of the specification. This has been considered but not found persuasive. The examples provided on pages 5-6 do not adequately describe the genus of LAG-3 derivatives because the genus is highly variant, having no structural constrain with regard to the LAG-3 structure and thus permits members of the genus which have no relationship to the structure of LAG-3.

Claims 10 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

All other rejections and objections as set forth or maintained in the previous Office action are withdrawn.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1643

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
